Introduction to Unifrog: Parents

What is Unifrog?

- Unifrog believe that destinations - where students end up after school - is even more important than their academic performance. They partner with schools to support students to progress into the best opportunity for them.
- Unifrog do this by providing a one-stop-shop where students can explore their interests, then find and successfully apply for their best next-step after school.

GDPR

GDPR is a regulation in EU law on data protection and privacy for everyone within the European Union and the European Economic Area.

Unifrog takes data security very seriously, and as such, has several features in place to protect school and student data.

We only use EU data centres, have multiple firewalls, layered-access security and more. Information on this can be found at unifrog.org/about#security

Other cool stuff

The Unifrog platform contains so much more than what we can show you today, that was just four of their many tools.

So why not see for yourself? Sign up as a student and access the tools in exactly the same way that the students do.

You never know, there might be a new career just around the corner!
